1. Presents an **argument** (that is, doesn't just *provide* an answer to the essay prompt, but *explains* answer)

1.....2.....3.....4.....5

Comment/Justification:

Great argument! I like Coltranes argument which is how do retain power and which method of controlling is the best. Then he supports it by comparing and contrasting 1984 and feeds government. Great argument!

2. Uses **evidence** (that is, presents proof that you thought through the data to come to your conclusion)

1.....2.....3.....4.....5

Comment/Justification:

Present evidence very good! Has details from both books in the body of his paragraph (2nd & 3rd paragraph). Gets straight to the point with details. Strong evidence used which gives him the conclusion of why feeds government is stronger. Great evidence!

3. Comes to a **reasoned conclusion** (provides analysis of the data)

1.....2.....3.....4.....5

Comment/Justification:

Comes to the conclusion in which feeds government control is more powerful than 1984s. Answers his question clearly. Says how feeds government is a strong totalitarianism system. Good conclusion with supporting analysis.

Is **aesthetically pleasing** (grammar ok, meets paper constraints, good paragraph structure, etc)

1.....2.....3.....4.....5

Comment/Justification:

There were spelling errors here and there. There was also some punctuation marks needed at times. Met one paper requirement though. Good explained 4 paragraph essay. Uses strong words.
